TUESDAY 4

Art

'FLIPSIDE' It's an odd moment for a show of post-utopian works by 32 artists from 15 countries, mostly post-Soviet, who have participated in CEC ArtsLink's exchange program. But the works are smart, the show is lively, and the flip side of failed utopia resonates. It's got Maja Bajevic's video of laundresses scrubbing the old slogans from sheets, Tomislav Gotovac's *Foxy Mister* photos—which refer less to Lucas Samaras or John Coplans than to his own legendary performances naked in Tito's Yugoslavia—and a lot more. *Reopens today, through January 8, Artists Space, 38 Greene Street, 212.226.3970* LEVIN
